

# J-SERIES

Friction Currency Counters

LAUREL has developed the most excellent and sophisticated Machines.

# Why don't you select "LAUREL" Friction Currency Counters J-Series, the most advanced Models in the World!

J-700

J-760II

J-795

#### Continuous Counting

To count notes continuously without recounting all the notes in case of an error stop.

#### UV Detection

To detect a suspicious note by examining the fluorescent value of Ultra Violet (UV) Sensor.

#### MG Detection

To detect a suspicious note by examining the value of Magnetic (MG) sensor.

#### IR Detection

To detect a suspicious note by examining the light penetration of Infrared (IR) sensor.

#### AMG Detection

J-790/797 has equipped with various newly developed sensors and has superior detection against counterfeit (CF) notes or suspicious notes.

#### ICD Detection

J-795 has equipped with newly developed ICD (Intelligent Code Detection) System and performs highest level of detection against Euro counterfeit (CF) notes or suspicious notes.

#### SC Detection

To detect the different sizes for both longer (length) and shorter (width) sides of notes.

#### DDC Function

J-795 has equipped with DDC (Different Denomination Check) function and it is able to detect other denominations such as Z holding in a pack of notes.

#### Value Counting Function

To show the count results in value. A pack of notes with mixed denominations can be counted with the total value.

#### CS Function (Currency Select Function)

J-797 has equipped with CS function that selects automatically the most suitable CF detection level for each currency.

#### ISO 9001

J-series have been manufactured at the factory which meets the ISO 9001 Quality Systems requirement.

#### After Sales Service

A worldwide network of LAUREL authorized distributors assures you of high level of support and after sales service.

#### RoHS Regulations

J-700 Series comply with the RoHS regulations.

#### EC Directives

J Series comply with the EC Directives Low Voltage 73/23/EEC and EMC 89/336/EEC.

SPECIFICATION											
Model	J-700	J-710	J-730	J-740II	J-750II	J-760II	J-770	J-790	J-720	J-795	J-797
Dimensions	282X233X190 mm (W x D x H)										
Weight	Approx. 7 kg										
Voltage	100/110/220/240 V ~						100-120 / 220-240 V ~				
Note Size Range	Max.	100 x 185 mm									
	Min.	50 x 100 mm									
Note Thickness Range	0.08-0.15 mm										
Hopper Capacity	Max. 500 notes										
Stacker Capacity	Max. 200 notes										
Counting Speeds (notes / min.)	1200	800/1000/1200			850/1250/1500
